

MAR

Seminar Schedule

SPRING 2004

13 January (in room D1.46)

**Einer Steemann Nielsen
(1907–1989):
His Science and the
Primary Productivity Controversy**

Morten Søndergaard
Freshwater Biological Laboratory,
University of Copenhagen

Host: Colin Stedmon

20 January

**Assessing reference
conditions and ecological
status of UK lakes**

Helen Bennion
Environmental Change Research Centre,
Department of Geography,
University College London

Host: Daniel Conley

2 March

**Fate of nutrients
from Mediterranean fish farms**

Marianne Holmer
Institute of Biology,
University of Southern Denmark

Host: Daniel Conley

27 April

**Biomarkers of
environmental pollution:
bivalve studies in the coastal
areas of southern Finland**

Kari K. Lehtonen
Department of Biological Oceanography,
Finnish Institute of Marine Research

Host: Jacob Strand

25 May

**Influences of the feeding
metabolism
of marine copepods on
the trophic dynamics
of the pelagic ecosystem**

Peter Thor
Kristineberg Marine Research Station, Sweden

Host: Torkel G. Nielsen

8 June

Ocean pH in the greenhouse
Christoph Heinze

Bjerknes Centre for Climate Research,
Geophysical Institute,
University of Bergen

Host: Jørgen Bendtsen

Unless otherwise noted, all seminars begin at 14.00 and take place in the »pavillon« at NERI, Roskilde. Further information can be obtained by contacting Karin Gustafsson at tel. 46301862 or the Host of the scheduled seminar. Changes to the seminar schedule will be announced at <http://www.dmu.dk>

National Environmental Research Institute (NERI)
Department of Marine Ecology
Frederiksborgvej 399 • DK-4000 Roskilde

Tel: +45 4630 1200

MAR Seminar Schedule
20 January 14:00
SPRING 2004

Assessing reference conditions and ecological status of UK lakes

Helen Bennion

Environmental Change Research Centre,
Department of Geography,
University College London

Host: Daniel Conley
